Dear Parents and Carers,

Re: Online Safety Workshop by NSPCC

I am writing to express my sincere gratitude to all parents and carers who attended the recent Online Safety workshop organised by our school in collaboration with the National Society for the Prevention of Cruelty to Children (NSPCC).

The workshop aimed to equip parents with essential knowledge and strategies to navigate the digital landscape alongside their children, ensuring a safe and positive online experience for all. Thank you for your active participation and engagement during the session, and we appreciate your commitment to fostering a secure online environment for our children.

In an effort to further support your understanding and implementation of online safety measures at home, we have attached two valuable resources to this newsletter. These resources provide practical tips, guidelines, and information to reinforce the key concepts covered in the workshop. We encourage you to review and utilise these materials as valuable references in your ongoing efforts to keep your children safe in the digital world.

If you have any questions, concerns, or if there are specific topics you would like us to address in future workshops, please do not hesitate to reach out. We are here to support you if there are any concerns or questions.

Once again, thank you for your active participation and commitment to ensuring the well-being of our children both online and offline. Together, we can create a safe and nurturing environment for them to thrive.

Warm regards,

Mr W Allen
