Tuesday 19th March 2024

Dear Parents and Carers,

As part of next half-term's science project, 'How can we Change the State of Materials?', we will be attending King Edward VII Lower School (101 Darwin Ln, Sheffield S10 5RG) for a fun and engaging science afternoon. The children will examine various materials and their properties, build a stable bridge and even make bouncy custard balls! The dates for each class are outlined below:

- Thursday 9th May, Y5LN
- Thursday 16th May, Y5KL
- Thursday 23rd May, Y5JE

The children will be in class for the morning and will eat their lunch in school before we depart at 11:30am. As this is before our usual lunch time, **all children will need to bring a packed lunch.** We will be back at school for around 2:30pm for normal collection at 3:35pm. Children also ought to have an additional snack for when we return to school, given the early lunch time.

We will be walking to the site so please can you make sure your child comes to school in sensible shoes and a suitable coat. Your child should also have a water bottle with them.

Children will need to bring any medication they require, clearly labelled. Please ensure that the school office also has your latest contact details and all medical information is up to date.

The emergency contact for the visit will be Mrs Kerry Jow in the school office. If the visit is unable to go ahead we will remain in school.

If you have any queries about the trip, please don't hesitate to contact our year group email – y5@nethergreen-jun.sheffield.sch.uk

Yours sincerely,
Y5 Team
