Dear Parent/Carer,

As part of our maths work this term, and to help the children gain a better understanding of the world around them, the children will be taking part in the Fiver Challenge.

The Fiver Challenge gives the children a chance to set up a mini business to create products or services that they can sell at a profit to the school community during an Enterprise Market on the afternoon of **Tuesday, 9th July**. Parents are invited to visit and buy from the Enterprise Market which will be held in the school hall from **2.30pm**. Other year groups will be able to visit the Market later in the afternoon and it will be remain open until **4.15pm**.

The children will work in groups and can borrow £5 per person from the Bank of Nether Green, which they will need to pay back after the Enterprise Market. Any profit they make will be spent on the Y6 Leavers' Party and a percentage will be donated to a charity yet to be decided on by the children.

The children will need to buy any items they need themselves out of the money they have borrowed. Any support and encouragement you can give your child during the project will be greatly appreciated.

Yours sincerely,
The Y6 Staff Team
